SUBJECT:

As a follow up to our recent conversation/correspondence, Chris Andersen Roofing & Erecting Co., Inc. has been requested to perform the following work:

Chris Andersen Roofing & Erecting Co., Inc. will stand behind our warranty and will repair any items, at no cost to you, that are covered under the parameters of our warranty. We are increasingly requested to inspect "leaks" and other problems that are not roof related or have not physically been verified by the contractor/owner prior to calling us. So, prior to calling us please INVESTIGATE.

It is hereby understood that if this warranty trip is made and the work required is not covered under Chris Andersen Roofing & Erecting Co., Inc.'s warranty, our Field Superintendent will ask your "on-site management" to sign a work order. This work order will verify Chris Andersen Roofing & Erecting Co., Inc. traveled to the site and did/did not perform remedial work not covered under the parameters of our warranty. You will then be billed for our trip to the site and for any non-warranty work we performed.

Your signature below is required as verification of your directive and our Field Superintendent will not be dispatched until we have received this written authorization.
